Message from the Dean

As the Dean of the Faculty of Management, Social Sciences and Humanities, I warmly welcome the new batch of students, both officer cadets and day-scholars joining the degree programme offered by the Department of Social Sciences of our Faculty.

While congratulating you all for being selected to join the prestigious Defence University for completing your dream of higher education, I earnestly request every one of you to spend the next couple of years of your life with a great deal of responsibility. Be determined to be fully dedicated to your role as university students from the day one. Quickly learn the difference between school education and university education. Please remember that you will be reading for a degree at the university, and hence you need to spend more time for gathering knowledge through extra reading, discussions, projects and collective work with colleagues.

The lecturing panel of the Department will do their best to guide you through the curriculum, but it is your responsibility to grasp the necessary knowledge through hard and dedicated work. In this sense it is also necessary for you to sharpen your English language and IT skills too. So, spend some extra time on them. Quickly identify your weaknesses and improve them as early as possible so that you will get good grades at exams.

Higher education is not just getting a degree certificate. You need to develop yourselves into responsible citizens or independent adults with intellectual skills to solve problems, and especially as students of social sciences you must train yourselves to address social issues. In order to do so you must enhance your social skills. So, make use of the multiplicity of opportunities at KDU for soft skill development such as sports, club activities, social and cultural events etc. as well.

The current pandemic situation is a challenge for all of us. But KDU is resolute and determined to face the challenge, and as students of KDU, you too should be determined to find alternative paths to fulfill your requirements amidst challenges carefully taking all precautions to stay safe and healthy.

Finally, I wish all of you an enjoyable learning experience at KDU where you will develop yourselves into good personalities with sound knowledge, skills and attitudes necessary to qualify for lucrative employment opportunities in the future..!

Both ES & CA < 35	Ib	0.00
Ne	Ne	0.00
Ex	Ex	0.00
Ab	Ab	0.00

Notes to Table:

1. Grade “C” and above are pass grades. They require, in addition to achieving the overall mark indicated, a mark of 35% or above in the End Semester (ES) component, and 35% or above in the Continuous Assessment (CA) component.
2. Grade “C-” and “D+” are conditional pass grades and require, in addition to achieving the overall mark indicated, a mark of 35% or above in the ES component, and 35% or above in the CA component.
3. Grade “Ia” and “Ie” are incomplete grades given for failing to reach 35% in the ES and CA components, respectively.
4. Grade “Ib” is a failure grade given for failing to reach 35% for both ES and CA components.

5. “Ne” is indicative of “not eligible” and is recorded when the eligibility criteria to sit for the End Semester Examination have not been satisfied.
6. "NS" refers to Not Submitted, which means non-submission of a continuous assignment.

8. “Ex” is recorded for being absent for the End Semester Examination for a valid excuse accepted by the Faculty Board. The CA mark will be carried over to a subsequent sitting as a first attempt candidate at the next scheduled End Semester Examination.
9. The highest grade obtainable at a repeat attempt, including to upgrade a result, is the grade “C”, other than for NGPA Course Units.

Grade Point Average (GPA)

The GPA is the credit weighted average of the grade points of value of all Course Units except NGPA Course Units taken in the degree programme. It is calculated for each semester (SGPA), for each year (YGPA) and for the entire degree programme (FGPA).

Index	Meaning	Purpose
SGPA	Cumulative GPA for a semester	To ascertain whether a student has or has not completed a particular semester
YGPA	Cumulative GPA for a year	To Ascertain whether a student can proceed to the following year.
FGPA	Cumulative GPA for the entire period of a degree programme	To ascertain the overall performance of a student in the degree programme, i.e. to determine a Pass, a 2 nd Lower, a 2 nd Upper or a 1 st Class

The GPA is calculated as follows.

$$GPA = \frac{\sum X_i Y_i}{\sum Y_i}$$

Where X_i = Grade Point Value of the Course Unit

Y_i = Number of credits of the Course Unit

Calculating Semester Grade Point Average (SGPA)

$$SGPA = \frac{\sum \text{Grade Point scored for the course unit} \times \text{Credit Value of the Course Unit}}{\text{Cumulative credit value of all GPA modules of the semester}}$$

The following is an example of the process of calculation of SGPA (Semester 1) of a Social Sciences student.

<i>Course unit Code</i>	<i>Unit title</i>	<i>Course Type</i>	<i>Letter Grade earned</i>	<i>Earned GPV</i>	<i>Credit value</i>	<i>Earned GPV*Credit value</i>
SS1113	Elementary Economics	GPA	A-	3.70	03	11.10
SS1122	Introduction to State, Society and Culture	GPA	B	3.00	02	6.00
SS1133	Introduction to Communication and Media Studies	GPA	B	3.00	03	9.00
SS1142	Fundamentals of Management	GPA	A+	4.00	02	8.00
SS1152	Fundamentals of Geography	GPA	B+	3.30	02	6.60
SS1162	Mathematics for Social Sciences	GPA	C	2.00	02	4.00
LS1112	English for Academic purposes I	GPA	D+	1.30	02	2.60
SS1182	Information & Communication Technology (ICT) Fundamentals	GPA	B+	3.30	02	6.60
TOTAL					18	53.90

$$SGPA = \frac{\text{Total Credit Points earned}}{\text{Total No. of Credits}} = \frac{53.90}{18} = 2.99$$

Calculating Year Grade Point Average (YGPA)

The Year GPA for a degree programme will be calculated for the fourth decimal place on the completion of two main semesters and the mid semester (if available) as follows:

$$YGPA = \frac{\sum \text{Grade Point scored for the course unit} \times \text{Credit Value of the Course Unit}}{\text{Cumulative credit value of all GPA modules of the Year}}$$

Calculating Final Grade Point Average (FGPA)

The Final GPA for a degree programme will be calculated for the fourth decimal place on the completion of all requirements for such programmes as follows:

$$FGPA = \frac{\sum \text{Grade Point scored for the course unit} \times \text{Credit Value of the Course Unit}}{\text{Cumulative credit value of all GPA modules of the degree programme}}$$

Criteria for Completing a Semester

Passing a Semester

A student shall satisfy the following minimum requirements to successfully complete a semester;

1. Obtaining a “C” grade or above for all Course Units, other than as specified in section 2 given below.
2. Obtaining not more than one (01) conditional pass grade for a GPA Course Unit per semester.
3. Obtaining a SGPA of 2.0 or above for the whole End Semester Examination.

Re-sitting a Course Unit

1. Re-sitting a Course Unit for which an excuse has been granted shall be as the first attempt of a candidate.
2. A fee shall be levied as prescribed for re-sitting a Course Unit.
3. Course Units having grade “Ie” shall be completed by re-sitting the ES component.
4. Course Units having grade “Ia” shall be completed by re-sitting the CA component.
5. Course Units having grade “Ib” shall be completed by re-sitting both ES and CA components.
6. NGPA Course Units having a grade less than “C” shall be repeated to obtain a pass.
7. GPA Course Units having a grade less than “C”, except the conditional passes permitted (the grades “D+” or “C-” in GPA Course Units are conditional passes) shall be repeated to obtain a pass.
8. Any NGPA Course Unit having a grade “C” or higher may be repeated if a student is desirous of upgrading the grade.
9. Any GPA Course Unit with a “Conditional Pass” may be repeated if a student is desirous of upgrading the grade up to a maximum of grade “C”.

The Military Training Programme

The military training programme is a compulsory component for all officer cadets and it is run in parallel to the undergraduate curriculum. This programme is conducted by the Faculty of Defence Studies and it enables the officer cadets to confidently assume the responsibilities of commissioned officers of the armed forces.

The Department of Defence Studies is under the guidance of the Dean of Faculty of Defence Studies who is assisted by Squadron Commanders in charge of each Intake and Troop Commanders in charge of each troop. These officers, with the assistance of the other rank instructors, impart the essential military knowledge

both in the classroom and on the field to officer cadets. The main components of military training include joint staff duties, leadership studies, land warfare, maritime warfare, air warfare, physical training, drill, weapon training, field craft, map reading, service writing and other methods of instructions, which are crucial for the profession of arms.

Furthermore, an integral aim of military training is to inculcate disciplines amongst the officer cadets. Diverse programmes are conducted to produce highly disciplined officers with high standards of integrity and loyalty.

Scholarships and Sponsorships for Cadets and Day-scholars

Every year, the university gets scholarships from foreign military academies for cadets to study part of their degree programme inclusive of travelling cost and living allowances. The scholarship amount will vary with the availability of placements. Further, the university and tri-forces bear the full cost on international tournaments attended by students through the university.

Entrance scholarship - candidates, whose parents employed in tri-forces, are eligible to apply for a 50% discount of the course fee at the entrance point.

Opportunities for Higher Studies for Social Sciences Graduates

BSc in Social Sciences degree programme provides the undergraduate an insight into the theoretical and practical dimensions of an array of Social Sciences modules which focus on understanding the human society and many other social aspects. The degree is a foundation to prepare the students for pursuing post graduate degrees depending on their chosen disciplines for further studies. At present the department is coordinating the Msc in Disaster Risk Reduction Programmes with the Faculty of Graduate Studies. This programme is introduced by the Department of Social Sciences in 2017 with the extensive support from University of York, UK, in developing the curriculum and the field work component. The students have the opportunity to enter both state and private academic institutions if the BSc in Social Sciences degree fits with the prerequisites of their chosen postgraduate programme in many fields.

Have a plan for your future higher studies in advance. Details available on the website of the Faculty of Graduates Studies inspire your future academic path.
